DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 11 is rejected under 35 U.S.C. 102(b) as being anticipated by Rice (US Patent No. 3,786,648). Rice discloses a refrigerating apparatus comprising: a first and second evaporator (3,10) connected to capillary tubes by connecting pipes and a mechanical room with a condenser and compressor (6) installed.

Allowable Subject Matter

Claims 1-10 are allowed over the prior art of record.

Claim 12 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
